“I’ve known Tricia Crissman for over a decade and no one loves early childhood like she does. She’s good at meeting folks where they are at and working with them from there. She is fun and creative with her teaching style, so it’s never a dull moment when she’s around. She is full of resources and knows how to connect you with what you need. Tricia is well respected in the early childhood community and you will be pleased with her service.”

—Ida Pérez, Director of Ibero Early Childhood Initiative

“Around here, we don’t look backwards for very long... We keep moving forward, opening up new doors and doing new things because we’re curious... and curiosity keeps leading us down new paths.”

—Walt Disney
